

What is a Family Support Specialist?

- A Family Support Specialist works with families whose child receives services from the Ottawa County Board of Developmental Disabilities (early intervention through adulthood).
- Links families together as a form of support and friendship.
- Provides information and knowledge about areas of specific interest.
- Listens to ideas or concerns about current programs.
- Provides information about programs in our community.
- Ensures your point of view and your ideas are supported at Individual Family Support Plan meetings, Individual Education Plan meetings and Individual Service Plan meetings.
- Encourages you to be a Parent Representation for the Early Childhood County Collaborative Group & the Family and Children First Council. These two groups allow the voices and opinions of parents with young children to be heard in Ottawa County.

Bobbi Beck

Hello!

My name is Bobbi Beck. I am the Family Support Specialist for Early Intervention and the Ottawa County Board of Developmental Disabilities.

My goal is to ensure that your family receives the best services, supports and information—just like my family did when we received services for our child through Early Intervention and the OCBDD.

I can be a support person to you, connect you with other families and help enhance your ability to utilize resources.

Please call me during business hours (8:00 a.m.—4:00 p.m.). Monday through Friday at (567)262-3100.

I look forward to meeting you and getting to know your family.

Sincerely,

Services Available through the Family Support Specialist include, but are not limited to:

- Sibshop
- Connecting Families
- Family Support quarterly newsletters
- Attending IFSP, IEP & ISP meetings as a support to you and your child

To learn more about these services and other ways I can be of assistance, please contact me at (567)262-3100.
